50,000 Rooted Cuttings ready for ship-  
ment October 30, 1905,

## Announcement

WHILE we do not claim to be the largest wholesale growers of carnations in the U. S., we do claim to be the most careful, prompt and reliable firm doing business in the West. The carnations we send out must be heavily rooted; free from all disease; true to name and perfect in every way, or else they will not be sent at all.

We will rather cancel orders than ship out poor cuttings, and we guarantee to give satisfaction to our patrons.

## Terms

Our terms are cash with order, or C. O. D., subject to examination.

5 per cent off for cash; 5 per cent on all orders over \$100.00.

Express prepaid at above prices.

Pips or unrooted cuttings at half price.

25 at 100 rate, and 250 at 1000 rate.

Money can be sent by draft, registered letter, postoffice, or express money order.
